

Bio4Energy

Researchers' Summer Meeting 2025

Tuesday 27 May 8.30-16.00
Clarion Hotel Sense, Luleå – mötesrum *The Sunset*

Monday 26 May 19.00 – Optional dinner at restaurant Nine at Clarion Sense

Theme 27 May: Retrospection and introspection

8.30 Welcome and opening of the meeting

Prepping for evaluation: Initial introspections

Highlights of concrete and relevant aspects and examples since the start of Bio4Energy in 2010, as a “warmup exercise” before the external evaluation that is anticipated to begin soon

8.45 P1: Systems Analysis and Bioeconomy (SysAnaBio)
Robert Lundmark, LTU

9.00 P2: Forest-based Feedstocks (ForFeed)
Hannele Tuominen, SLU

9.15 P3: Feedstock Pre-processing (FeedPro)
Mikael Thyrel, SLU

9.30 P4: Thermochemical Conversion (ThermoChem)
Markus Broström, UMU

9.45 Fika break

10.15 P5: Biopolymers and Biochemical Conversion (BioPolChem)
Leif Jönsson, UMU

10.30 P6: Catalysis and Separation (CatSep)
Jonas Hedlund, LTU

10.45 P7: Environment and Nutrient Recycling (EnviroNut)
Nils Skoglund, UMU

11.00 Bio4Energy Graduate School
Dimitris Athanassiadis, SLU

11.15 Summarising discussion and next steps

11.45 Lunch

- 13.00** Popular scientific contributions – updates on the theme reports on cross-platform hot societal topics
 - 14.00** Internal collaboration in practice – the Bio4Energy strategic portfolio
 - 14.00 Introduction and overview
 - 14.15 Project 1 – details TBA
 - 14.30** Fika break
 - 15.00 Project 2 – details TBA
 - 15.15 Project 3 – details TBA
 - 15.30** Closing remarks and information from the managers
 - 16.00** Meeting ends, time for potential side-meetings
-
